Collegiate Aviation Scholarships

The most comprehensive source of scholarships for students in aviation programs

The New
Final
exam

2024 Catalog
Eighteenth Edition

Do you have an aviation related scholarship you would like to see listed in this catalog or shared with students?

UAA will list scholarships free of charge in our publications, list them on our website, and distribute them electronically to our membership.

Electronic distribution includes:

- Collegiate Aviation Scholarship Catalog
- UAA Connect monthly newsletter
- Blast emails to students and faculty

To qualify for no-cost listings a scholarship listed must be made available to UAA students to further their collegiate education and must meet both of the following criteria:

1. Specifically aviation related.
2. Available to assist students pursuing a degree in aviation at any member college or university of their choosing.

We do not distribute general scholarship opportunities that are not aviation specific (such as photography, dog owners, or pageants), and we do not list or distribute scholarships specific to non-collegiate aviation (general aviation). Nor do we publish scholarships requiring admission to a single college or university as an award criteria. Geographic residence, veteran status, gender, minority, or other applicant specific criteria are permitted.

If you have scholarships available that meet this criteria, contact UAA at hello@uaa.aero and we will be happy to send you a form to have your scholarship included in the next issue.

Introduction

The University Aviation Association (UAA) is a nonprofit organization that represents colleges and universities that offer academic degree programs in aviation at both the undergraduate and graduate level.

The purpose of this publication is to consolidate the publicly available information concerning collegiate aviation scholarships in one document. It is expected that the university aviation student, students’ parents, and faculty members, as well as prospective students and their parents, will find the information in this catalog useful.

In all, this publication describes how to obtain applications for over 200* collegiate aviation scholarship awards with a total value of over one million dollars.

This scholarship listing is one of the many publications and services offered by the University Aviation Association. For more information, visit the UAA website at www.uaa.aero. The total number of scholarships and the amounts of scholarships listed in this catalog, while impressive, are a small part of the total financial aid possibilities available to college aviation students.

Other sources of financial aid that are available include

- Federal and state grant scholarship and loan programs.
- Collegiate institution supported grant, foundation, tuition waiver, and student-work programs.
- Departmental scholarships available to specific majors.

University Aviation Association is located in the Memphis metro area

UAA is comprised of more than 1,200 members from more than 150 colleges and universities in the U.S., Canada, Australia, Europe, and Asia. The organization and its members are poised to meet the ever-changing needs of the aviation industry and address the challenges of the 21st century. Through the collective expertise of our members, UAA plays a pivotal role in the advancement of degree granting aviation programs that represent all segments of aviation. A professional association & unifying voice for promoting and furthering aviation education as a collegiate academic discipline.

Tips for submitting your best application

- Read the requirements and follow all directions paying attention to the details.
- If a certified transcript is required – be sure it is certified.
- Write a great essay AND keep essays within the specified word count.
- Don’t miss the deadline and start early.
- Make sure your application package is complete and ALL requested material is included. Incomplete application packages will not be reviewed.
- Do not include things that are not requested in the application – i.e. photos, videos, etc.
- Proofread and review thoroughly before submission and having a mentor review for completeness prior to submission.
- Don’t ignore small awards. Small awards can add up. Plus, the larger the award, the more competition you’ll face.
- Try, try again. Keep trying even if you don’t win a scholarship right away. Save copies of every application that you complete so you don’t have to start from scratch every time.

Four (4) entry level corporate jet aircraft training scholarships awarded

Description

CAE, a worldwide leader in training for the civil aviation, defense and security and health care markets, will award up to four entry level corporate jet aircraft training scholarships in 2024. These scholarships will be awarded to four different students from, or recent graduates of, University Aviation Association member institutions. The aims of the scholarship are to: 1) Provide additional industry-based training opportunities for university aviation students. 2) To broaden the awareness of corporate aviation career paths among university aviation students. The scholarship will include initial training in an entry-level corporate jet (the type of aircraft subject to schedule availability) resulting in a type rating upon successful completion of the course. The applicant is responsible for all travel and housing related costs during the training.

Scholarship Criteria

Applicants must be candidates for, or have received an aviation-related Baccalaureate Degree from a University Aviation Association member institution. Current students must graduate no later than May 2024, or must have graduated with a Baccalaureate Degree not more than two years before May 2024. Applicants must have a minimum of 2.50 on a 4.0 scale overall cumulative grade point average. Applicants must possess a current 1st class medical, Commercial Pilot License with a multi-engine and instrument rating, and a Certified Flight Instructor rating with an instrument airplane endorsement. Applicants must have flown a minimum of 50 hours PIC or SIC within the previous 12 months. Applicants must have a minimum of 50 hours of multi-engine time. Applicants must be available for training during June, July, or August 2023 and must pay for their travel to CAE at DFW Airport, Texas, or another CAE facility, as needed. Recipients of this scholarship will be trained together as a crew of two on any entry-level corporate jet. Applicants must demonstrate an interest in corporate or business aviation by writing a 250-word essay on how this scholarship will fit into their plans to enter corporate/business aviation. This essay must demonstrate how the applicant will use the CAE SimuFlite Scholarship to pursue a flight-related career.

www.uaa.aero | 5050 Poplar Avenue, Suite 1503, Memphis, TN 38157

Usual Deadline

June

Amount(s) Awarded

One (1) or more scholarships awarded, valued at \$1,000

Description

The DeVore Freedom of Flight Scholarship offers college students an opportunity for initial flight training at schools with FAA Part 141 flight schools.

The Freedom of Flight Scholarship was established to honor Dr. DeVore for his contributions to aviation at the local and national levels. His interests have been in promoting aviation education for our youth and providing them with opportunities to enter into dynamic and rewarding careers in aviation. In September 2001, Dr. DeVore completed a solo flight in a single-engine aircraft that circumnavigated the contiguous 48 states; landing at 40 airports in 36 states to promote aviation scholarships.

Scholarship Criteria

Open to students entering as undergraduates in a collegiate aviation program; a Freshman, Sophomore, Junior, Senior, or graduate program. Must be admitted, and must be enrolled at the time the award is dispersed, to a University Aviation Association member institution with a Part 141 approved program. Community college and university applicants are encouraged to apply. Applicants must be admitted to, and undertaking, an aviation-related major. A minimum of 3.0 overall GPA on a 4.0 GPA scale. Submit an essay, 250-750 words, demonstrating a love of aviation and a commitment to flight training. Extracurricular involvement/community involvement may be considered. A recommendation letter from a faculty member from a UAA member institution supporting the candidate's application for this scholarship. Students entering a collegiate Part 141 program as a Freshman may use recommendation letters from other sources.

Description

The Rene Matos Memorial Scholarship was established in the name of a very motivated and dedicated man, who epitomized the dream to succeed, while helping others along the way. Even from his humble beginnings as an air traffic controller in Puerto Rico, Rene displayed a talent and personality that could not be contained there. While he was in Puerto Rico, Matos never curbed his desire to advance in his career. Already gifted in what he did as a controller, Rene wanted to do more; not only for his own career, but for other Hispanics as well. He educated himself and eventually moved up in the ranks as a top manager at the William J. Hughes Technical Center in New Jersey. It was Rene's drive, diligence, and determination that earned him that position.

Scholarship Criteria

Must be a U.S. Citizen or a permanent resident, residing in the United States or Puerto Rico. Applicants must be accepted or attending an accredited college, university, or vocational/trade school at the time the scholarship is awarded. Applications received after the application deadline will NOT be accepted.

Four (4) entry level corporate jet aircraft training scholarships awarded

Description

CAE, a worldwide leader in training for the civil aviation, defense and security and health care markets, will award up to four entry level corporate jet aircraft training scholarships in 2024. These scholarships will be awarded to four different students from, or recent graduates of, University Aviation Association member institutions. The aims of the scholarship are to: 1) Provide additional industry-based training opportunities for university aviation students. 2) To broaden the awareness of corporate aviation career paths among university aviation students. The scholarship will include initial training in an entry-level corporate jet (the type of aircraft subject to schedule availability) resulting in a type rating upon successful completion of the course. The applicant is responsible for all travel and housing related costs during the training.

Scholarship Criteria

Applicants must be candidates for, or have received an aviation-related Baccalaureate Degree from a University Aviation Association member institution. Current students must graduate no later than May 2024, or must have graduated with a Baccalaureate Degree not more than two years before May 2024. Applicants must have a minimum of 2.50 on a 4.0 scale overall cumulative grade point average. Applicants must possess a current 1st class medical, Commercial Pilot License with a multi-engine and instrument rating, and a Certified Flight Instructor rating with an instrument airplane endorsement. Applicants must have flown a minimum of 50 hours PIC or SIC within the previous 12 months. Applicants must have a minimum of 50 hours of multi-engine time. Applicants must be available for training during June, July, or August 2023 and must pay for their travel to CAE at DFW Airport, Texas, or another CAE facility, as needed. Recipients of this scholarship will be trained together as a crew of two on any entry-level corporate jet. Applicants must demonstrate an interest in corporate or business aviation by writing a 250-word essay on how this scholarship will fit into their plans to enter corporate/business aviation. This essay must demonstrate how the applicant will use the CAE SimuFlite Scholarship to pursue a flight-related career.

HIGH SCHOOL

Aim High Flight Academy (AHFA)

Scholarship Sponsor

Air Force Recruiting Service (AFRS)

Contact

www.aimhighflightacademy.com

Usual Deadline

December

Amount(s) Awarded

AHFA is a robust 3 week Flight Academy structured to ensure students learn everything necessary to achieve up to 15 flight hours and potentially complete their first solo flight by the conclusion of the academy.

Description

Students must complete the application online at aimhighflightacademy.com, and have parental/legal guardian signed approval (if under 18). Please follow the detailed application instructions on aimhighflightacademy.com. Additionally, students must have an endorsement from their high school principal or counselor, verifying they're an enrolled student, their GPA, and are in good standing as well as an endorsement from a nominating organization. Lastly, applicants must have a "strong" interest in aviation and a "never-quit" attitude. Applicants must fill out basic applicant information on aimhighflightacademy.com, and attach their signed nominations to their application entry. Incomplete applications will not be accepted.

Scholarship Criteria

Applicants must: Be between the ages of 16 and 23; Be a full-time student in High School, College, or an enlisted member of any service enrolled in school full-time; Understand they are volunteering for a scholarship to a public flight school contracted by the United States Air Force. College applicants must be currently enrolled in AFROTC or the United States Air Force Academy to be qualified. There is no military service commitment or obligation, nor does program completion justify acceptance to military service. Applicants must be at least 16 years old by 1, June, 2022, and have a minimum cumulative GPA of 3.0 or better (on a 4.0 scale) to submit a package or be nominated.

To accomplish this, applicants must include a rotation of 3 segments every day; which include flight simulator time, academic classroom time (white board and lecture lesson style), and flight time. The students will be assigned into flights and be assigned a wingman within that flight, to study and fly with throughout their time during the program. When students aren't in structured flight time, the additional hours of the day will be filled with mentorship with their flight commanders and other staff, studying to prepare for the next day, character development, and supplemental "tips and tricks". Tips and tricks include chair flying, Emergency Procedure practice, and how to conduct "stand ups" to name a few. (Stand ups are the daily briefs conducted by aviators to inform members about daily weather, any NOTAMs, and can include an EP and other relevant information.)

Don and Carol Bedford were a team. Don had earned his Airframe and Power License and was well on the way to a degree in aeronautical engineering, when he felt impelled to join the workforce at Lockheed Aircraft at the outbreak of WWII. Don later joined the Army Air Corps where he eventually joined the Aviation Cadet program. He was transitioning to fighters when the war ended. He returned to Lockheed where he rubbed shoulders with the likes of Tony LeVere, Howard Hughes, and worked on the P-80 program. In 1947, Don took a job with Alaska Coastal Airlines in Juneau. He stayed through a series of mergers, to retire from Alaska Airlines in 1993. Carol was from the Chicago area where she attended business school. She traveled to Alaska on a whim, and took a job at Alaska Airlines where the two met. Don was one of the first authorized inspectors in Southeast Alaska, an area where he remained active throughout the rest of his life.

Aim High Flight Academy (AHFA)

Scholarship Sponsor

Air Force Recruiting Service (AFRS)

Contact

www.aimhighflightacademy.com

Usual Deadline

December

Amount(s) Awarded

AHFA is a robust 3 week Flight Academy structured to ensure students learn everything necessary to achieve up to 15 flight hours and potentially complete their first solo flight by the conclusion of the academy.

Description

Students must complete the application online at aimhighflightacademy.com, and have parental/legal guardian signed approval (if under 18). Please follow the detailed application instructions on aimhighflightacademy.com. Additionally, students must have an endorsement from their high school principal or counselor, verifying they're an enrolled student, their GPA, and are in good standing as well as an endorsement from a nominating organization. Lastly, applicants must have a "strong" interest in aviation and a "never quit" attitude. Applicants must fill out basic applicant information on aimhighflightacademy.com and attach their signed nominations to their application entry. Incomplete applications will not be accepted.

Scholarship Criteria

Applicants must: Be between the ages of 16 and 23; Be a full-time student in High School, College, or an enlisted member of any service enrolled in school full-time; Understand they are volunteering for a scholarship to a public flight school contracted by the United States Air Force. College applicants must be currently enrolled in AFROTC or the United States Air Force Academy to be qualified. There is no military service commitment or obligation, nor does program completion justify acceptance to military service. Applicants must be at least 16 years old by 1, June, 2022, and have a minimum cumulative GPA of 3.0 or better (on a 4.0 scale) to submit a package or be nominated.

To accomplish this, applicants must include a rotation of 3 segments every day; which include flight simulator time, academic classroom time (white board and lecture lesson style), and flight time. The students will be assigned into flights and be assigned a wingman within that flight, to study and fly with throughout their time during the program. When students aren't in structured flight time, the additional hours of the day will be filled with mentorship with their flight commanders and other staff, studying to prepare for the next day, character development, and supplemental "tips and tricks". Tips and tricks include chair flying, Emergency Procedure practice, and how to conduct "stand ups" to name a few. (Stand ups are the daily briefs conducted by aviators to inform members about daily weather, any NOTAMs, and can include an EP and other relevant information.)

Air Force Association (AFA)

Contact

www.afa.org | 1501 Lee Hwy., Arlington, VA 22209

Usual Deadline

April

Amount(s) Awarded

One (1) scholarship awarded, valued at \$1,000

Description

This scholarship is made possible by a contribution from Col Conway B. Jones, Jr., in honor of the Tuskegee Airmen; a group of African-American airmen who fought in World War II at a time when racial segregation was practiced in the military and much of society in general. Their extraordinary legacy as dauntless trailblazers is captured in the Air Force refrain that challenges souls dreaming of skies to conquer to give us wings, ever to soar. In their spirit, this scholarship is offered to Air and Space Force personnel, and their families, to pursue and conquer their challenges.

Scholarship Criteria

Applicant must include an essay of not more than 600 words describing how this scholarship will assist in achieving their educational goals and how these goals support the legacy of the Tuskegee Airmen. One letter of recommendation written by a teacher, a supervisor, a counselor, or the director of an organization in which you participate. If the applicant is a current or recent high school, college, or university student, an unofficial transcript is required. Cumulative GPA must be at least 3.0. Acceptance or enrollment into an accredited college/university, unless pursuing pilot training. A copy of your, your spouse's, or your parent's/guardian's DD214, ndhbgc or proof of military service such as a front and back copy of a military ID card.

2025 Aviation Policy Seminar

January 3-5, Washington, DC

The University Aviation Association offers students and faculty the opportunity to interact with aviation industry leaders and members of Congress during the 2024 UAA Aviation Policy Seminar. **Registration Fee is \$250. Scholarships available for both students and faculty.** This seminar is recommended for juniors, seniors, graduate students, and faculty with a background in aviation management.

Learning & Networking

- Students and faculty facilitators will spend three days in the nation's capital attending briefings & seminars from the NTSB, the FAA, Congressional staff, and industry associations such as NBAA, RAA, A4A
- Students will be able to network with others from across the country and gain valuable exposure to leaders in these organizations
- Students will have the opportunity to gain a better understanding of how these agencies interact in establishing aviation policy and what job opportunities may be available in the aviation industry
- Faculty and students will gain valuable insight into how they can participate in the process now and in the future

About Washington, DC

Washington, DC, the U.S. capital, is a compact city on the Potomac River, bordering the states of Maryland and Virginia. It's defined by imposing neoclassical monuments and buildings – including the iconic ones that house the federal government's 3 branches: the Capitol, White House and Supreme Court. It's also home to iconic museums.

Things To Do

Touring the National Mall should top your list of must-do's when you visit the District. Free monuments, memorials and museums are all around, including the famous Lincoln and Jefferson memorials and the popular National Museum of African American History and Culture.
